Seconded by Councilwoman Soltero. Motion passed unanimously.

ITEM #10 – DISCUSSION AND POSSIBLE APPROVAL TO CONTRACT WITH HEALTHNET AS THE CITY OF SOUTH TUCSON'S HEALTH INSURANCE PROVIDER FOR FISCAL YEAR 2011-12 – The following is the transcript of Item #10:

Mr. Serna: The City Clerk, and the Assistant City Manager and I, and some administrative staff have been meeting with Mr. Diaz with regard to the review of the health insurance providers' proposals and I'm going to ask the Assistant City Manager and Mr. Diaz to go over briefly what I consider a very good proposal that came to us that changes significantly from the original proposal that was at an increased cost to the City. And that now, the proposal we bring before you is, I think, a negative impact on the City, or a neutral impact on the City with very, very insignificant change for the employee and for employees with family coverage. But toward that end, I'll ask Ruben and Oscar to present and answer any questions that you might have.

Mr. Villa: Madam Mayor, members of the Council, Blue Cross/Blue Shield, our current provider, initially quoted a 17.5% increase, then revised their proposal to 26.7% which, at the time of print, was a current proposal. They came back, I think, as early as last night or last Friday and revised it to 20% increase. So obviously, it forced us to look at other options. CBIZ, Oscar Diaz and his people secured several options, which not all of them are listed or included in your packet. We chose the two that can compete and are very comparable to the

current plan. The option we chose, which is Option 2 of Health Net proposal, in fact, reduces the overall cost and the cost to the City by $11,000, and accomplishes several things. One, it finally stabilizes the amount of money that the City pays per employee for each of the tiers. As you may all recall, for several years, the City has paid different amounts, depending on the tier; the family coverage being the highest of them all. Basically, the City has subsidized those tiers. This plan affords doing away with that finally, and stabilizing the rate with minimal impact to the employee. The first page that you see behind the cover sheet breaks it down in three parts: the first, the overall rate proposal compared to last year, or the current plan. And you will see the differences on each tier. The second part is the actual fact of this rate on the employee. Staff, after analyzing the rates and to be able to afford the stabilization of that rate, is recommending that the employee portion be increased by a dollar a month, which represents fifty cents per pay period. And then the rest of the tier could be adjusted slightly upward, which represents at the highest level, $3.78 a month. And again, that's the second part of that sheet. The third part of that sheet shows you how the fluctuating rate for each of the tiers would now be stabilized at $207.73. If you turn over the next page, it actually shows you a global view of what these dollars actually represent and how they impact the budget. The first section of this report shows you that with the HRA plan, if we continue to request an appropriation of $60,000, the overall cost would be about $187,000 on our current plan, compared to a hundred, I'm sorry, of the proposed plan, compared to $198,000 of the current plan, saving the City $10,900. Now the highlights are very, very, there's eight highlights. There's several others though. The $11,000 savings, it stabilizes the $207. It covers the employee and dependent coverages on any out-of-pocket expenses to $6,000. That is an increase of $5,000 currently to $6,000. The plan, however, has an in-network and out-of-network. The out-of-network is higher, but we are requesting that the amount be capped at $6,000. The emergency room visits are now $450 per visit, which is $250 more than what we, $200, excuse me, what they are now. We are suggesting that we cap that at $200. The rest be paid out of the HRA. All imaging to be paid out of the HRA, which is consistent with what we do now. The plan shows that for the second, third and fourth year of the medication plan there is, in fact, the reduction in rate. Now that can be slightly different on an individual basis depending on the medication, but at least we show a reduction on those rates. And as I mentioned, this plan would increase by fifty cents a pay period for the 35 employees that are now in the system. And no more than $2 a pay period for the rest of, at the highest level at the rest of the period. So again, staff is recommending the approval of Plan, with Health Net, Option Number 2.

Motion by Councilman Rojas to direct City Manager and/or staff to execute contract with Health Net Option No. 2 for FY2011-12 Medical Insurance Benefits. Seconded by Vice-Mayor Tadeo.

Mayor Eckstrom: I have a question, Ruben. How much does the City pay annually on health insurance?

Mr. Villa: Right now, the estimation would be $198,000. And that includes the HRA.

Motion passed unanimously.

ITEM #11 – EXECUTIVE SESSION PURSUANT TO A.R.S. SECTIONS 38-431.03.(A)(3),(A)(4),(A)(5) - Motion by Vice-Mayor Tadeo to adjourn Special Meeting and convene into Executive Session. Seconded by Councilman Rojas. Motion passed unanimously.

Motion by Vice-Mayor Tadeo to adjourn Executive Session and convene into Special Meeting. Seconded by Councilman Rojas. Motion passed unanimously.

ITEM #12 – CONSIDERATION FOR ACTION OF MATTERS CONSIDERED IN EXECUTIVE SESSION – Motion by Councilman Rojas to direct City Manager to begin contract negotiations and report to Council as necessary. Seconded by Councilwoman Soltero. Motion passed unanimously.

ITEM #13 – REPORTS – CITY MANAGER

Mr. Serna provided Mayor and Council with an update on the Residential Street Improvement project. The County will contract for crack sealing and seal coating of City streets. The project does not yet have a specific start date, other than the fall.

Regarding the theft of copper wire (street lights), Mr. Serna informed the Council surveillance strategies are being employed by the Public Works and Police Departments. On Saturday morning, a Public Works employee caught a person stealing copper wire on 4th and 28th Street. A search of the person's house revealed more material and felony charges will be filed. Staff will be working with the police department to obtain better surveillance cameras. Angel Lopez is working on a strategy to asphalt the meters so that they cannot be vandalized. Mr. Serna stated the volunteer police officers were instrumental in assisting with this operation and expressed his gratitude to them.

Mr. Serna stated he has reinstituted discussions with Waste Management to see if they can expedite and continue discussions as the City's equipment (garbage trucks and garbage bins) are beyond repair.

In addition, the JVYC contract with Catholic Community Services and the City is now being shifted from County Parks to Pima County Community Services Department.

Mr. Serna stated he is on the Board of Directors for Imagine Greater Tucson (IGT), which is conducting several community forums to address the community's growth expectations through the next forty years. There will be a meeting on May 18th at the TCC.

Mr. Serna noted the Mayor and Council were copied a letter to Pima County Administrator Chuck Huckelberry which highlights three major items needing attention in order to present a budget proposal to the Mayor and Council.

ITEM #14 – CALL TO THE AUDIENCE – No response.

ITEM #15 – ADJOURNMENT – Motion by Councilman Rojas to adjourn the Special Meeting. Seconded by Vice-Mayor Tadeo. Motion passed unanimously. The meeting adjourned at 5:57 p.m.
